Smith. ISBN 087046079X Pub. Trans-Anglo
Books 1987. Hard cover with tight binding. Dust
jacket slight wear on top front, otherwise very
good. Book clean in and out no markings, no
wear. 181 pp. b&w steam and diesel photos.
Autobiography of man who spent his life working
on both steam and diesel. Author began firing
locos on iron ore range of Minnesota, then
engineering apprentice at major car builder, as a
designer at Lima Locomotive in Super Power
era, at Franklin Rwy Supply (developers of
poppet-valve gears), at PRR during development
of the T1 steamer, on the Santa Fe, and finally

22 years with Chicago Belt Rwy in charge of motive power. Detailed, well-written look at development of steam and diesel locos from someone familiar with mechanics and design of locomotives. \$139.95jwb **Now\$45.00**
